

Microsoft Israel, Case Study on pioneering MOSS Success at FIS: “Knowledge Management is Empowering”, September 2007; Featured in Strategic IT Bulletin, December 2007

“FIS has created an organizational portal based on Microsoft Office SharePoint Server 2007, which has realized the strategic objective to bring the breadth and depth of knowledge and experience within the company, under the control of a Global Knowledge Management system. The system has provided FIS management and staff with a powerful mechanism for managing and sharing information and knowledge world-wide.”
